**\*\*CALLING ALL WHISTLEBLOWERS\*\***

I have been contacted by many people who wanted to share information about how the election in Maryland was manipulated. This would benefit Kimberly Klacik, all candidates, Maryland, and our country as a whole. 🙏🔗

You can respond anonymously to this email. [mlt99b@gmail.com](mailto:mlt99b@gmail.com)  
All contact will be held in the strictest confidence.

If you witnessed any irregularities, fraud, or crimes, please write.

I will list below just some of the ways that people have reported election fraud in Maryland.

Homeless people being paid \$2 per ballot they can "acquire".

USPS employees selling entire stacks of ballots at one time.

Ballots destined for Republican households were seriously delayed.

Ballots returned for Republican candidates were destroyed, placed outside for people to steal.

During the actual election counting Republican ballots were taken off to the side and not counted while Democrat ballots were counted. The Republican ballots were then

Stacked against the wall as counted when they had not been.

Obviously fraudulent ballots were counted including, sample ballots, ballots without signatures, Xerox copies of ballots, obviously forged ballots. and in some cases ballots that simply said Biden Harris on a blank Piece of paper.

Multiple ballots sent to homeless shelters for the same people. Multiple ballots for underaged people unable to vote. Families requesting ballots for all their children. USPS employees collecting return ballots and destroying or discarding them.

Ballots being incinerated now inside Baltimore, ballots discarded in landfills. And on and on.

The fraud was rampant and blatant and cannot stand.

Videos are already being posted on social media displaying and commenting bragging about these actions. Good postal employees who tried to do the right thing we're reprimanded for following the law . These whistleblowers

Maryland, Washington DC, and Virginia, DO NOT verify signatures on any ballots. This is one of the major aspects allowing mail and ballot fraud to take place.

12/ One of the best things out of @ericries's Lean Startup is the concept of "vanity metrics" - unimportant, inflated metrics that don't have much to do with business value. But the effects of using them are different when you're a startup versus a big co.

13/ For big, established companies, focusing on vanity metrics is silly but not harmful. Everyone's thrown up a huge number to celebrate for an offsite. I get it. But for startups who are pre-product/market fit, it can lead down a path towards

**\*\*Public Proclamation\*\*** Matt Couch, You Will, as of right now "cease and desist" any and all public or private attacks on my person or integrity. Any further attacks and I will meet you in court.

Threats? I didn't threaten anyone, I merely gave notice. Threats are what you were facing for sticking your nose where it didn't belong. Threats that I stopped at great risk to myself and my family, your welcome, even though you never

I don't know Mr. Ulbricht, I don't know if he should have a full pardon, but I do know that he should have a very serious review of his entire case with at least a commutation of sentence. Mr. Ulbricht's case was irretrievably damaged beyond any point where it could be

Prosecuted legitimately by the involvement of Shaun wesley Bridges, Carl Mark Force, and the do-j's "dirty trick Squad". Bridges had been using the silk road to launder illegally

I was informed today by people within the d-o/j framework, that once they are in control again, in one week, that they will begin making examples of the people who spoke against them, and I'm at the top of their list, my wife and I. They made it clear the "mistakes of the past"

Would not be repeated, I.e, leaving me alive to expose them like they did the last time. I am certainly not the only one they will be coming after with false prosecution. Do you want to remove any threat to their power and exposure of their

The civil case was away for me to document what they were doing and get things on the record. RR DOJ/FBI, had wired the attorney client Booth so they could hear everything. Illegal surveillance just like they were doing to everyone else.

James Bredar, the exact same judge in my criminal case, this civil case, and the case against the BGF gang, ruled on all three cases. JUDGE BREDAR acknowledged in my criminal case that illegal surveillance was rampant, and sealed it.

To the civil case some judge some opposing counsel BT

The "intelligence community" has been using Dominion, Scorecard, etc. And companies (fronts) like SCYTL for Years to manipulate ELECTIONS overseas, and to various levels here in the U.S. since at least 2006. ALL Approved through the FISA court.

I wonder if anyone has connected that "Chief" Justice Roberts has been "Approving" this type of Election interference personally since then? But I'm SURE he knew nothing about the election fraud using these "Exact Same
