"fudge" Emmett Sullivan, we all know him by now.
He managed to insinuate himself into the Election, of course it was manipulated by his string pullers.
He issued an Order affecting the USPS and mail in ballots.

The court order forces the USPS to – by 3:00 EST today – have the USPS conclude a sweep of all facilities in the following jurisdictions for ballots that have yet to be delivered:

- > Central Pennsylvania,
- > Philadelphia,
- > Detroit,
- > Colorado/Wyoming,
- > Atlanta,
- > Houston,
- > Alabama,
- > Northern New England,
- > Greater South Carolina,
- > South Florida,
- > Lakeland (Wisconsin), and
- > Arizona

The post offices in all of the above-mentioned jurisdictions have continued to receive low internal ratings from the USPS.

And now we have this? 🤔 🤔 🤔

HOLY COW! Did the USPS really transport 288,000 illegal ballots for Joe Biden across state lines before the election?

And here is "fudge Sullivan" making sure that the mail and ballot fraud succeeded Nationwide. He is in it up to his eyeballs as usual and guilty as the rest of them.

The USPS shipped ballots across State Lines, and they we're counted over and over again in different states, because of fudge Emmett Sullivan's Order. 🤔🤔

Criminal and a Direct piece of the fraud and ongoing Coup. 🙏

Fudge Sullivan does this all the time. Pretends to be "outraged" about people's actions. This is done to give him cover, it's his "tell". Just like in the past but he pretended to be outraged over "prosecutorial misconduct", and then allowed even more.

And then in the General Flynn case, appointed his friend to act as prosecutor. It would be a struggle to come up with something more ridiculous. So when you see the judge being "outraged" like this,

You know they were doing exactly what he ordered them to do, in this case, get all the ballots and send them to the places he was told by his "handlers" to do so 🙏

Well, that is... inconvenient
Especially with Sullivan being involved directly in the Election fraud and so many Election issues headed for SCOTUS
Excellent find Lyndon

****Public Proclamation**** Matt Couch, You Will, as of right now "cease and desist" any and all public or private attacks on my person or integrity. Any further attacks and I will meet you in court.

Threats? I didn't threaten anyone, I merely gave notice. Threats are what you were facing for sticking your nose where it didn't belong. Threats that I stopped at great risk to myself and my family, your welcome, even though you never said thank you.

I don't know Mr. Ulbricht, I don't know if he should have a full pardon, but I do know that he should have a very serious review of his entire case with at least a commutation of sentence. Mr. Ulbricht's case was irretrievably damaged beyond any point where it could be

Prosecuted legitimately by the involvement of Shaun wesley Bridges, Carl Mark Force, and the do-j's "dirty trick Squad". Bridges had been using the silk road to launder illegally seized and obtained money for a long time prior to Mr

I was informed today by people within the d-o/j framework, that once they are in control again, in one week, that they will begin making examples of the people who spoke against them, and I'm at the top of their list, my wife and I. They made it clear the "mistakes of the past"

Would not be repeated, I.e, leaving me alive to expose them like they did the last time. I am certainly not the only one they will be coming after with false prosecution. Do you want to remove any threat to their power and exposure of their

The civil case was away for me to document what they were doing and get things on the record. RR DOJ/FBI, had wired the attorney client Booth so they could hear everything. Illegal surveillance just like they were doing to everyone else.

James Bredar, the exact same judge in my criminal case, this civil case, and the case against the BGF gang, ruled on all three cases. JUDGE BREDAR acknowledged in my criminal case that illegal surveillance was rampant, and sealed it.

To the civil case some judge some opposing counsel BT

The "intelligence community" has been using Dominion, Scorecard, etc. And companies (fronts) like SCYTL for Years to manipulate ELECTIONS overseas, and to various levels here in the U.S. since at least 2006. ALL Approved through the FISA court.

I wonder if anyone has connected that "Chief" Justice Roberts has been "Approving" this type of Election interference personally since then? But I'm SURE he knew nothing about the election fraud using these "Exact Same
