Trump campaign statement on Democrat plans to delegitimize Election Day results

"Democrats are panicking because Joe Biden has not run up a large enough lead in early votes in battleground states and they know that President Trump's in-person votes on Election Day will make up the difference and propel him to victory. Biden's political operatives have already been distributing talking points and research to delegitimize Election Day results by coaching surrogates to refer to the President's Election Day success as a 'Red Mirage.' The operatives are advising surrogates and media to create a smoke screen by casting blame all around – imagining postal delays or falsely claiming that mail-in ballots that have simply not been returned should be considered legitimate votes that need to be counted.

There is evidence that the "Swine Flu" outbreak in 2009 was in fact an attack by China. Allowed, encouraged, aided and Planned, by the Obama/Biden administration. Not only did the Swine Flu cost Thousands of lives but it Severely Depleted the emergency stockpiles

of N95 masks and respirators. And the Obama/Biden administration Never replenished them, leaving the U.S. UN-prepared for another outbreak. Enter COVID 19, round two, also Chinese in origin. Designed to be released during

There is a corrupt Network within Delaware that protects child trafficking and the people involved. It's why people like "dr Bradley" can molest over a thousand children and be protected for years.
